

Sports premium overview 2020-21

What is PE and Sports premium?

The PE and sport premium is a government funding stream, established after the London Olympics in 2012, designed to help primary schools improve the quality of P.E and sports activities. This money, provided jointly by the Departments for Education, health and Culture, media and Sport, has been ring fenced for this specific purpose.

Purpose of funding

Schools must spend the money on improving their provision of PE and sport but schools have been given the freedom to choose how to do this.

At Essendine primary school, we will use the money to:

- Improve teaching by employing coaches to work alongside teachers by equipping them with effective and specialised skills
- Develop a love of sport and physical activity
- Enable our P.E coach to work alongside teachers to improve practice and maintain consistency
- Allow pupils to participate in inter school competitions within our teaching alliance.
- Provide access to sporting facilities for activities such as athletics, in order to enhance the curriculum.

Grant received: £19,320			
Number of pupils on roll:			
Summary of grant spending 2020-21
